

BE A SUMMIT SPONSOR

The Annual Chef Community Summit is coming to London for the 4th time on October 10th and 11th 2017. The two days will provide around 200 attendees with a mix of presentations by Chef Engineering and Product teams as well as talks from Chef users as they start or continue their automation journeys. It also provides an excellent opportunity to learn and hear from each other as we grow the Chef Community across Europe. Last year, we had attendees from the UK and across Europe including Austria, Belgium, Italy, The Netherlands, Switzerland, Spain, France, Germany, Turkey and Poland. Attendees of this event are passionate about DevOps, Chef, and Open Source technology.

If you have a complementary product that the community would be interested in, or you would like to use the opportunity of being in front of an engaged, talented and highly skilled group to promote open roles at your company, we offer the following sponsorship opportunities which allow you to share your brand with this vibrant community.

£1,250

COMMUNITY SUMMIT SUPPORTER

- Logo on summit website and signage
- Two tickets to the summit (for yourselves or guests)
- Half price for 2 additional tickets
- Space for promotional materials in the lounge area where all breaks and lunch will be taken

£2,500

DRINKS SPONSOR

- Logo on summit website and signage
- Two tickets to the summit (for yourselves or guests)
- Half price for up to 4 additional tickets
- Space for promotional materials in the lounge area where all breaks and lunch will be taken
- Limited to 1 sponsor

We do not share any data from attendees but encourage everyone to actively participate and engage with each other as peers. Please also review our code of conduct.
